

REMARKS

The Examiner has rejected the application on various bases. Applicant has amended the application so as to overcome the rejections of the Examiner, and so as to place the application in condition for allowance at the present time.

The Examiner has objected to claim 10 based on the contention that "the" should be inserted before opening. Applicant has made the appropriate correction.

The Examiner has rejected claims 1, 3-5, and 10-16 under 35 U.S.C. §112, second paragraph, based on the contention that they are indefinite. In particular, the Examiner has identified a number of elements which do not have the proper antecedent basis in claims 1, 10 and 16. Applicant has made the appropriate amendments to the claims. Additionally, the Examiner has identified that there are no side seals in claim 10. Applicant has amended claim 10 changing side "edges" to side "seals." The Examiner has suggested that claim 10 be amended at lines 15-17 to include "is to the side edge" after each occurrence of "opening." Applicant has made the appropriate correction. Applicant submits that any issues under 35 U.S.C. §112, second paragraph, have been overcome.

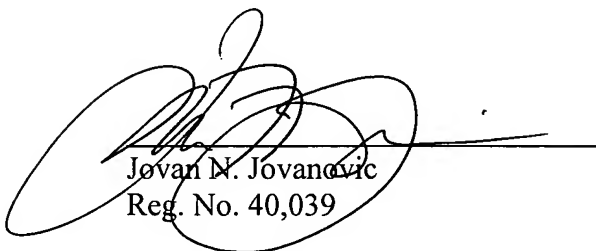

The Examiner has indicated that the claims are deemed allowable if amended to overcome the rejections under 35 U.S.C. §112, second paragraph. Inasmuch as Applicant has amended the claims so as to overcome the rejections, Applicant submits that claims 1, 3-5 and 10-16 should be deemed allowable at the present time. Accordingly, reconsideration is respectfully solicited.

Should anything further be required by the Examiner, a telephone call to the undersigned is respectfully solicited.

Respectfully Submitted,
